

~~SECRET~~

SUBCOMMITTEE ON ELECTRIC POWER AND SOLID FUELS

25X1A9a

Chairman: [REDACTED] CIA

Executive Secretary:

Agencies Represented:	State	CIA
	DIA	NSA
	Army	Interior

Meetings: Last meeting, February 1962

Activities during FY 1965

None

Evaluation of the Role of the Subcommittee

The inactivity of the subcommittee reflects the fact that bilateral coordination of views concerning exchanges, application of trade controls, and occasional substantive intelligence problems has proved to be efficient.

The officers of the Subcommittee concur with the DOD recommendation that the subcommittee be dissolved. The membership is, however, urged to continue bilateral coordination and exchange of information as appropriate.
